Megastar Amitabh Bachchan has launched ghazal album *Destiny* and urged people to enjoy its soothing effect.

Destiny has brought together the three acclaimed singers — Anup Jalota, Pankaj Udhas and Talat Aziz — and is said to be the biggest ghazal album of the year.

“When I listened to it, it gave immense peace. I would like to urge to all the people here to kindly listen to the beautiful album. It will give you all a lot of peace and a good sleep as well,” Bachchan said at the launch on Tuesday.

Singer Sumeet Tappoo has also sung for the album, which is being released by Saregama India Ltd.
