*Singer Sumeet Tappoo could not have asked for a better launch. The newcomer not only got the opportunity to sing for the album *Destiny*, which features veterans like Anup Jalota, Talat Aziz and Pankaj Udhas, but also got to witness the same being released by his favourite actor, Amitabh Bachchan.*

"I was awestruck by Mr. Bachchan's presence as I have been deeply influenced by his films," says the singer.

Sumeet, who has also sung alongside Shankar Mahadevan, Hariharan, Suresh Wadkar, Shaan, Sadhana Sargam, Bhupinder and Mitali Singh to name a few, is an MBA graduate from Australia. "Though of Indian origin, I was born in Fiji. It was my passion for music that brought me back to my hometown," he concludes.
